

Andrea Pottyondy

Artist Statement:

Art is everywhere in my life. I am an elected member of the Society of Canadian Artists, the initiator of Artspa (art group), docent at the Art Gallery of Nova Scotia, and an artist who sees the potential in common bits and pieces of everyday life.

Born and raised in Quebec, I also lived in Yukon Territory from 1984-88 and presently reside with my family in beautiful Nova Scotia, Canada. Mostly self-taught, I have studied art with the University of Southern California, Nova Scotia College of Art and Design, and with professional artists in Canada and abroad.

My love of the environment, history and travel are exhibited in the abstract layered landscapes and colourful, textured florals and narratives that I create. I use water based mediums, acrylics, oils, crayons, ink, handmade papers, printmaking, found objects and incorporate them in my art pieces or use them in application techniques.
